

Going to Writing Workshop

Up the stairs thump thump thump
Kereek goes the door
Swish goes the coffee tray
Chairs go boom crunch bump
Coffee goes swoosh into the cup
Rrrrip goes the sugar bag
Drip swish splash goes the cream into the cup
Shut up quiet move over find a seat
Goes everybody
Munch munch rip rip chump chump
as people eat the chocolate bars
Let's write says Hume
Someone says and insult
People say Shut up!
Quiet
Scribble scribble as people write
Flick goes a lighter
Phwush goes a smoker
People make slight noises like oh no
Hmm swoosh goes the paper
The odd chuckle like ha-ha ho-ho
Somebody once again says and insult
Followed by another person laughing
People saying they're finished
Outside in the distance I hear a dog going BARK
BARK every now and then
Suddenly the noise gets louder
I put my pen down
Ding
